Andrew,

Many thanks for your hospitality. I greatly enjoyed our discussion and was very impressed with your operation and facilities.

Aside from the specific help that you have given the "Unfinished Business" Team, I have to compliment you on both the professionalism of your boat-shipping operation and the above and beyond service to all the rowers.

Having seen the good, the bad and the ugly over the last 35 years in the shipping industry; this is not faint praise and I will have no hesitation about recommending PA Freight to Ocean Rowers in the future..

Best regards,
Richard
